

AB File No. 6950  
12 April 1961

**RECIPIENT FOR** CIOB, NY/Argentina

**TO** : Mr. (Robert Federini) 03

**OBJECT** : Submission of [ ] Ordinary Passport in Alias  
for use by AGTALL-1 - AB Date No. 6937

**REFERENCE** : WH Memorandum dated 5 April 1961, same subject

1. Transmitted herewith for use as outlined in Reference are the following two documents issued in [ ] for AGTALL-1: [ ]  
Ordinary Passport No. 66701 and U.S. Immigration and Naturalization Form I-94  
(stapled in the passport, page 9). Also furnished herewith is a travel  
itinerary on which AGTALL-1 should be briefed before he applies for the  
Argentine visa in New York.

2. In keeping with arrangements made by TMB/AB, the Medical Office  
is preparing, for direct delivery to NY/4, the International Vaccination  
Certificate in alias to be used with the above documents. This certificate  
should be checked for accuracy as to name, place and date of issue. It is  
also understood that AGTALL-1 will have received a basic five antigen  
vaccination prior to departing from the U.S.

3. TMB/AB prepared the above [ ] passport on the strength of  
information that (BLOCKERIS) would instruct an Argentine Consular post in  
the U.S. to place a visa in the passport. The document was prepared in one  
week from date of request because of operational urgency. The requirement  
specified use of a [ ] passport. To avoid placing a long,  
time-consuming simulated itinerary in the passport, it was given a recent  
issuance date, which necessitated issuance on the basis of exemplars issued  
nearly one year earlier (the most recent ones available). This short  
itinerary also would seem to make application at this time in the U.S. for  
an Argentine visa somewhat unusual. Since we are now informed that AGTALL-1  
is to obtain his Argentine visa without (BLOCKERIS) assistance we wish to  
make the limitations of the documentation provided for this operation, and  
agreed to by Mr. (Federini), a matter of record. This confirms discussion  
with Mr. (Federini). A telephone check with the Argentine Embassy by NY  
indicated that a [ ] transient in the U.S. can obtain an Argentine  
visa in this country.

b. It is understood that the passport will be needed for about six months, following which it is to be returned to SEC/AB. Should further operational need exist for this document beyond that time, it must be kept in mind that the expiration date is 7 March 1969 and that annual renewals are needed from that time forward. Any such renewals would have to be entered by SEC/AB. Also, use of this passport for travel other than that originally intended (direct from U.S. to Argentina and back within six months) will require careful scrutiny by SEC/AB of the situation at the time of the intended future travel.

o3 5. In accordance with verbal arrangements between Kossar, (Fischer)  
and (Falkin), please pass on to SEC/AB details of ANGEL-1's procurement of  
the Argentine visa and any other travel control events of significance in  
the use of this passport so that SEC/AB may gain from the experience of this  
agent in the use of this alias document. (o3)

6. Any further questions concerning this case should be referred to  
the undersigned or to Miss (Mrs. Jimi Falkin) on extension 3551.
